The best use of time is in 45-minute bursts:

15 minutes to make a resource

10 minutes revise

5 minute test

Revise again for 10 minutes

5 minutes test

PLAN in your breaks

t

Be **ACTIVE** in your learning, just reading or watching isn't enough

Plan your revision giving enough time to each qualification.

triple science = triple time!

Work in small manageable time slots

Make sure you keep doing the things you love as well, especially exercise

Make revision resources such as flashcards, clocks and quizzes and test yourself

Don't be tempted to spend all your time on things you find the easiest

Revise = **REPEATING SKILLS, REVISITING CONTENT** and **RE-TESTING**
