

Fire Evacuation Plan

General Emergency Evacuation Plan for: Nottingham Girls Academy

Premises address and contact number: Robins wood Road.

NG8 3LD

Aspley

Nottingham

Plan Date: 01/10/20245

Review Date: 01/10/2026

Raising the alarm

In the event of a fire on site:

If the fire is discovered by a staff member or a visitor notifies a staff member of a fire, the alarm will be raised by activation of the nearest call point or commencing manual warning.

If fire is detected by automatic detectors, this will trigger the fire alarm

Action Staff should take hearing the Alarm

On hearing the fire alarm, you must exit the building using the nearest **fire exit**.

If you are teaching, ensure your class lines up in silence and is led from the building in silence, with you at the front of the line, by the nearest fire exit. Ensure all students leave the classroom. If you have a support member of staff working with you, they should follow at the rear. Make your way to the fire assembly points.

Escape routes

The rooms below are to use the fire exit on the ground floor of **staircase A**:

A42, A43, A44, A45, A46, B1, B2, B3, C1, C2, C3/4
