1. Rationale

Alternative provision is an educational provision for students who are unable to access full-time mainstream education for several reasons, or who are unsuited to the mainstream provision on offer.

Nottingham Girls' Academy recognises that there is a need to ensure that our curriculum is inclusive and accessible, providing the opportunities to succeed. Moreover, we recognise the need to offer the type of provision that allows students to achieve their potential.

"Every child deserves an excellent education and the chance to fulfil their potential whatever their background and needs. Children in alternative provision deserve these opportunities too." (Creating opportunity for all, DfE, 2018)

The ambition is always to support the student towards successfully engaging with a full time mainstream education.

2. Objectives

The objectives of this policy are:

- To outline the reasons why students might be offered an alternative provision.
- To ensure that alternative provision is offered to suitable students in a consistent way.
- To ensure suitable procedures are in place relating to attendance and the safeguarding of students.
- To outline the monitoring of students' progress, behaviour and welfare.

3. Reasons for commissioning alternative provision placements

There are a variety of reasons why a student is referred to an alternative provision. Some of these may be:

- To avoid a permanent exclusion for a serious behavioural event.
- For continued poor behaviour that fails to meet the academy's standards despite pastoral support and intervention, placing the pupil at risk of permanent exclusion.
- When a pupil's special educational needs are not able to be met in the academy environment, despite reasonable adjustments and adaptations made through a suitable graduated response.
- When a pupil has a diagnosed (mental and/or physical) health issue that prevents them from otherwise attending the academy.
- When a pupil's needs cannot be met through the mainstream curriculum on offer. For example, the range of vocational courses that some alternative providers offer may be more suitable for a particular pupil.
- When a pupil's attendance places them at risk of becoming NEET.
